Happy Wednesday Team,

Dear Sgt. Hernandez, has the DEA agent gotten back to you with a final confirmation? Thank you!

Dear Raeann, do you need any other support from my end in the meantime, beside requesting a draft flyer from PIO? Thanks again!

Today I spoke with DEA Officer Morales. She informed me that she will add our event date of April 30th, to their calender, but cannot confirm their ability at this time 100%. She stated most likely it will be confirmed, but she will follow up with me once she gets the approval for the date, which I will convene to this email group. I just wanted to provide an update on the DEA's part for the event. Please contact me with any further questions.

Hi Cac,

Yes, we will be moving forward with this years RX take back event. As Richard mentioned we will coordinate efforts to make this a successful event.

I will coordinate with Sgt.Hernandez and Richard.

Additionally, I will be sure to provide you with information related to both events. RX

Take Back will take place at the Community Center parking lot on DoubleTree side.

Best,

Happy Tuesday,

Hope that you are having a great start of the week!

@ Sgt. Hernandez: did you have a chance to touch bases with Ms. Morales? I don't want to duplicate your effort if you have already talked to her. Thank you for your time and advice.

@Raeann Munoz: I'm looping you herein so that you can advise us if Public Safety and the Sheriff Department have gotten a chance to plan for this year's Prescription Take Back Day, or if anything else is needed from Richard Bis (AADAP) and/or any of us? Thank you for your guidance in advance.

Hi,

I think based on our last meeting, the date this year is Saturday, April 30, 2022 from 10am to 2pm at the East side parking lot of the community center near the Doubletree Hotel. That's the detail from our meeting but the only way to confirm that it is going to happen is for the Carson Sheriff Station Sgt. Hernandez and the Carson Public Safety Office Officer Raeanne Monuz need to contact Ruth Morales. They are our representative for law enforcement.

The DEA Agents have to be at the event to bring the boxes to collect the prescription drugs dropped off and oversee the collection. I am not sure if they called here yet.

I would also suggest that you call her because you represent the City of Carson under Councilman Cedrick Hicks Sr. It would give her more information on who is involved in the take back day.

I will call her also to talk about it representing AADAP/CISAAP. RX Take Back Day is a collaborative effort for sure from us all (planning committee).

Ruth will still need to inform us of the process and procedure also this year of prescription drugs collection due to Covid 19. Here is her information.

Ruth M. Morales

Diversion Outreach Coordinator

Drug Enforcement Administration | Contractor

Los Angeles Field Division

Email: Ruth.M.Morales@usdoj.gov

[redacted]

If she does not hear from the Carson Sheriff and the Public Safety Services, and confirm what needs to be done on their end the event will not happen. It's what I do every time, I just try to organize the partnership for it to happen, get volunteers to help set up and collect the prescription drug drop off, and outreach to the community, and to local retirement homes and senior centers with the flyers. And once everything is clear, we will be ready for the take back day.

I hope that I answered your questions and concerns.

Regards,
Richard

Good afternoon Cac,

Here are all the flyers that I have ever since Carson started doing RX Take Back Day in 2017 with AADAP and CISAAP our Community Coalition. CISAAP was created by the City and they put AADAP in charge of it. It is an official City of Carson affiliated organization and the city's substance abuse prevention coalition.

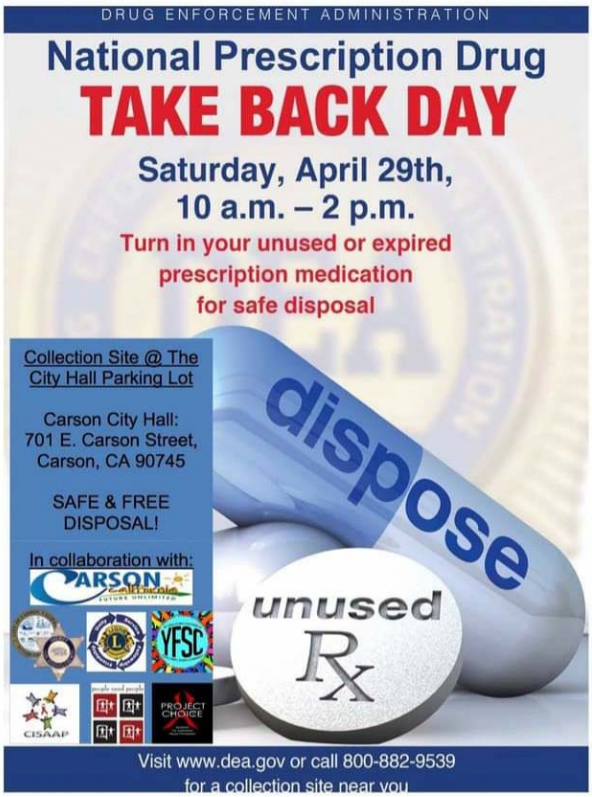

The flyers depend on when the take back day is held. The DEA holds 2 every year. One in April and one in October. If we do one in October, it is usually one of the events/activities during Red Ribbon Week.

Overall the information about it can be found in the DEA website. Its main goal and our goal is to collect expired and unused prescription drugs due to the dangers of them not being locked or stored correctly.

I hope that these flyers help. Feel free to contact me if you have any questions or concerns.

Best regards,

Richard

Dear Richard,

Per our meeting yesterday, I got the approval for us to work with PIO for the flyer of our event. Please send your past flyer and more details about the event, so that I can forward to PIO for them to start working on it.

I'm copying the partner organizations on this email as well, so that we can have all the logos applicable to promote the support your organizations have for this event, while promoting yourself at the same time. Dr. Hemphill and Sgt. Hernandez, I look forward to receiving your logos if applicable and desirable, or you can also let me know how else you want to be mentioned on the flyer. Thank you for your time and continued support!
